Education

03/2021–	Ulsan National Institute of Science and Technology (UNIST) Department of Computer Science and Engineering Junior Undergraduate Student (Cumulative GPA: 4.07/4.30)
03/2018–02/2021	Daejeon Dongsin Science High School

Research Experience

02/2023–	Language and Intelligence Lab, UNIST Advisor: Hyounghun Kim
09/2021–02/2023	Intelligent Control and Reasoning Lab, UNIST Advisor: Sungbin Lim

Publications

[P1] Response Tuning: Aligning Large Language Models without Instruction
Seokhyun An and Hyounghun Kim
arXiv preprint. 2024. [\[pdf\]](#)

Honors & Awards

2024–2025	Korea Presidential Science Scholarship
2024	National Excellence Scholarship (Natural Science and Engineering)
2022	Gold Prize, KAIST-POSTECH-UNIST Data Science Competition
2021–2024	Full Scholarship for all semesters at UNIST
2021	UNIST Outstanding Admission Scholarship

Teaching

Teaching Assistant

Fall 2024	ITP117 Discrete Mathematics Instructor: Michael Burrell
-----------	--

Spring 2024	MTH211 Statistics Instructor: Bogume Jang
Fall 2022	MTH211 Statistics Instructor: Bogume Jang
Spring 2022	MTH203 Applied Linear Algebra Instructor: Jungjin Lee
	ITP107 Introduction to AI Programming I Instructor: Michael Burrell
