

# Seokhyun An

Department of Computer Science and Engineering  
Ulsan National Institute of Science and Technology (UNIST)  
50, UNIST-gil, Ulsan, Republic of Korea  
seokhyun@unist.ac.kr  
[\[Home\]](#)[\[Google Scholar\]](#)[\[X\]](#)

## Education

---

03/2021–	Ulsan National Institute of Science and Technology (UNIST) Department of Computer Science and Engineering Junior Undergraduate Student (Cumulative GPA: 4.07/4.30)
03/2018–02/2021	Daejeon Dongsin Science High School

## Research Experience

---

02/2023–	Language and Intelligence Lab, UNIST Advisor: <a href="#">Hyounghun Kim</a>
09/2021–02/2023	Intelligent Control and Reasoning Lab, UNIST Advisor: <a href="#">Sungbin Lim</a>

## Publications

---

[P1] Response Tuning: Aligning Large Language Models without Instruction  
**Seokhyun An** and Hyounghun Kim  
arXiv preprint. 2024. [\[pdf\]](#)

## Honors & Awards

---

2024–2025	Korea Presidential Science Scholarship
2024	National Excellence Scholarship (Natural Science and Engineering)
2022	Gold Prize, KAIST-POSTECH-UNIST Data Science Competition
2021–2024	Full Scholarship for all semesters at UNIST
2021	UNIST Outstanding Admission Scholarship granted

## Teaching

---

### Teaching Assistant

Fall 2024	ITP117 Discrete Mathematics Instructor: Michael Burrell
Spring 2024	MTH211 Statistics Instructor: Bogume Jang
Fall 2022	MTH211 Statistics Instructor: Bogume Jang

Spring 2022

MTH203 Applied Linear Algebra  
Instructor: Jungjin Lee

ITP107 Introduction to AI Programming I  
Instructor: Michael Burrell
